

BRANDNER VETERINARY HOSPITAL

347 LAKEVILLE STREET, PETALUMA, CA, 94952, 707-762-3549

DR. NICOLE JAGGI DR. KARLTON PFANN DR. BARRY SANTERO

Medical Boarding Policy

Drop-off and pick-up times for boarding are Monday-Friday 8am-noon, and 2pm-5pm and Saturdays 8am-noon. All dogs and cats that board with us are required to be flea-free and current on vaccinations. Dogs must be current on Distemper and Parvovirus, Lepto, Rabies, and Bordetella. Cats must have a current FECVP (Rhinothacheitis, Calici, and Panleukopenia) and Rabies vaccination. If your pet is due for vaccinations, we would be happy to administer them when they are admitted. If fleas or ticks are observed on your pet while boarding, we will need to treat with appropriate flea or tick control.

To save time at drop-off, you are welcome to download and print our boarding form, and bring the completed form with you. Please be sure to fill out the two-page form entirely, including feeding instructions and any medications to ensure that we can make your pets stay here as pleasant as possible.
